EDUCATION

Degree/Certificate	Institute/Board	CGPA/Percentage	Year
B.Des	Indian Institute of Technology, Guwahati	8.31 (Current)	2024-Present
Senior Secondary	Central Board of Secondary Education	85.6%	2024
Secondary	Indian Certificate of Secondary Education	97.2%	2022

EXPERIENCE

- Mobiclay Technology | UI/UX Intern** May 2026 - Sep 2026
Product Redesign Remote
 - Revamped Wordgate, a strategy word game, operating as the **sole designer** at an early-stage OPC, owning end-to-end UX decisions.
 - Rebuilt the app's information architecture based on drop-off patterns, onboarding issues and underperforming game modes surfaced during a trial release. Built a scalable design system from scratch to replace a fully hardcoded interface,
 - Utilised Figma prototyping to validate component behaviour for key interactions before dev handoff, reducing dev rework.
 - Delivered **80+ high-fidelity screens** across gameplay, onboarding, dashboards and system states (loading, error, modal, transition), with 40+ additional screens in progress.
- Creative Banjara | Visual Design Intern** May 2025 - Jul 2025
Branding and Identity Noida (On-Site)
 - Designed for **6+ client brands** spanning legal, F&B, fashion and nutrition, delivering branding, packaging and presentation decks in a fast-paced studio setup under direct mentorship from the founder. Self-taught Adobe Illustrator within two weeks.
 - Owned the design workflow from brand discovery to final delivery, translating client briefs into moodboards, logo explorations and visual identity assets while collaborating with strategy, social media and 3D teams.
- ArtLabs** Apr 2023 - May 2024
Workshop Facilitator Jamshedpur (On-Site)
 - Built one of the city's first creative workshop studio as one of six core team members by researching workshop formats, planning launch strategy and designing a curiosity-driven QR campaign to drive early community engagement.
 - Helped grow the community to **1,200+ members** and facilitated **20+ workshops** within a year, designing social media content and print pamphlets that helped the studio expand into free public events like nature walks and pop-up stores.

PROJECTS

- ResQ : Mesh Networking Disaster Communication App for Assam** July 2026
Self-Guided | Product Design bit.ly/resq-mesh
 - Designed an **offline-first** disaster communication platform enabling victims and volunteers to coordinate during network failure using mesh networking. Conducted primary and secondary research to identify pain points, translated findings into emergency workflows, **AI-assisted request routing** and **role-based dashboards** for coordinators and field teams during high-stress disaster response.
 - Explored the ethical implications of AI in disaster response by designing transparent request prioritisation, explicit consent flows, multilingual accessibility, and **human-in-the-loop** decision making to reduce bias and prevent harmful automated actions.
- Prescribble : Prescription Writing System for Doctors** Jan 2026 - Mar 2026
Supervisor: Prof. Sougata Karmakar | Course: Cognitive Ergonomics, IITG | Product Design bit.ly/prescribble
 - Designed an iPad-first prescription writing system that preserves doctors' natural handwriting workflow using Apple Scribble, eliminating the need to type during consultations in **high-volume government OPD environments**.
 - Conducted interviews with stakeholders to map the end-to-end prescription journey through a service blueprint, identifying pain points that informed **pharmacy integration, generic-first prescribing**, and contextual decision support.
 - Built and deployed an interactive prototype on Vercel to validate the prescribing workflow.
- Chem AR : Scalable, AI-Driven Workflow for Gamified AR in Indian Education** Sept 2025 - Nov 2025
Supervisor: Dr Ajeet Kumar | Authored & presented at IITG Research & Industrial Conclave (RIC, Synergy'25) (Submitted to Springer Nature for publication, accepted) bit.ly/Chem-AR
 - Designed a human-AI co-creation workflow for developing interactive AR learning experiences without programming, validating the process through Chem AR, where students learn organic chemistry by assembling molecules through intuitive hand-tracked interactions.

SKILLS

- Design:** User Research (Survey, Interviews, Play Testing), Service Blueprint, Information Architecture, User flows, Gamification, Low-Fidelity and High-Fidelity Wireframing, Data Visualisation, Usability Study, Design Systems, AI Prototyping, Storyboarding, Illustrations.
- Software:** Figma, Adobe CC (Photoshop, Illustrator, InDesign, Premiere Pro*, Lightroom*), Unity*, Blender*. *Elementary Proficiency
- Miscellaneous:** Stakeholder Communication, Cross-functional Collaboration, Storytelling, Leadership, Adaptability.

ACHIEVEMENTS

- Invited Speaker, KVPSD School of Excellence, Seraikella :** Delivered a talk to Grade 9-12 students on design and AI. July 2026
- Research and Industrial Conclave, IIT Guwahati :** Research paper presented as extended abstract at RIC'25. Oct 2025

COURSES TAKEN

- Applied Science for Design, Cognitive Ergonomics, User Research Methods, Visual Narratives, Interaction Design*, Tangible Interfaces*, Design Analysis*, Modelling and Simulation Techniques*, Psychology of Wellbeing. * Completion by Nov 2026

EXTRACURRICULAR

- Student Coordinator (Training & Skilling), Centre for Career Development, IIT Guwahati** Oct 2025 - Jan 2026
 - Coordinated mock interviews with external coaches, managed logistics for campus placements including monitoring Online Assessments, and organised skill training workshops for staff and students, serving as the event host for speaker introductions and closing remarks.
- Model United Nations**
 - **DBMUN, Member of Logistics (2022), Head of Logistics (2023)**, Conference with 400+ participants, headed the logistics and design team.
 - **IITG MUN, Secretariat (2026) - Head of Design**, Led the design team for MUN'26, driving the event's visual identity across digital, print and on-ground assets while maintaining brand consistency for a conference with 150+ participants from across the state.
- Weightlifting, NSO, IIT Guwahati**, Selected among 30 students through institute-wide trials. Jan 2026 - May 2026
- Japanese Language Course, CCD, IIT Guwahati**, Currently pursuing introductory Japanese (JLPT N5). Aug 2026 - Present
